C-FRAME WELDERS - MODEL 1FG/2FG/3FG

C-Frame Welders.

BANNER Model 1FG/2FG/3FG Welders. This welder is a single phase, air operated, C-frame, welder with throat depths from 12" to 18". A reinforced fabricated steel frame maintains alignment of head and knee. The head features a weldment pre-drilled for single or multiple weld guns. A highly conductive copper platen (6" x 6" for a 1FG and 8" x 8" for a 2FG) provides tapped holes for installation of weld dies, "T" slot platens, or electrode holders. The wound core

transformer features water cooled, cast copper secondaries for high production applications. Heat range selection is adjustable by a rear mounted tap switch. This unit comes complete with all necessary airline components including; solenoid valves, airline, filter, lubricator, gauge, and flow controls all mounted for easy maintenance. A sturdy, shrouded foot switch is also supplied and interconnected. This welder is also ideal for flexible automation applications using multiple guns and/or multiple welders.

This C-Frame Welder is featured here with additional accessories.

SPECIFICATIONS - RWMA SIZE 1 AND 2

Type	Throat Depth (In.)	KVA	Single or Multiple Weld Guns	Typical Weld Force at 80 PSI	Electrode Morse Taper	Overall Dimensions (In.)			Approx. Shipping Weight (Lbs.)
						"H"	"W"	"D"	
1FG-A	12	85	Weld forces and strokes vary with the size of the weld guns selected	1200	2	66	18	42	1200
	12	120		66		18	42	1250	
	18	85		66		18	48	1250	
	18	120		66		18	48	1300	
2FG-A	12	120	Weld forces and strokes vary with the size of the weld guns selected	1950	2	73	20	48	2200
	12	150		73		20	48	2250	
	18	120		73		20	54	2300	
	18	150		73		20	54	2350	
3FG-A	12	200	Weld forces and strokes vary with the size of the weld guns selected	2400		77	21.5	54	2600
	18	200		77		21.5	60	2800
